

TWO-MINUTE HELPER MISSION

A free pretend-play game for ages 3-5 / One grown-up + one child

Teddy needs help. Can you complete both missions?

1 GET HELP + CALL

Say: "Help! I need a grown-up!" Point to the grown-up you would find. If no adult can help in a real emergency, use a real phone to call 911.

PRACTICE THE CALL:

Tap 9 - 1 - 1 on the paper phone. Say what happened and where you are. Listen and answer the dispatcher.

CALL

2 HELP TEDDY

Tie a red ribbon on Teddy as the pretend ouchie. Find it with your eyes. Put a clean cloth on the ribbon and hold it there while your grown-up counts to ten.

What if you see real blood? Do not touch it. Get a grown-up right away.

GROWN-UP NOTE: Practice only on paper and Teddy. In a real emergency, call 911 when needed; an adult handles real bleeding. Teach your child their address before practicing the call.
